BLACK SATURN ASTRA USED IN ABDUCTION OF YINGYING ZHANG LOCATED

Champaign, IL. - Yingying Zhang, a visiting scholar at the University of Illinois was last seen on Friday, June 9, 2017 in Urbana, Illinois. Security cameras captured her getting into a car at the corner of West Clark Street and North Goodwin Avenue around 2:04 p.m. that day.

The car was described as a black Saturn Astra four-door hatchback. The University of Illinois Police Department and FBI have received numerous leads regarding the vehicle, and we are announcing we have located the vehicle. We will not need any further information from the public regarding the Black Saturn Astra.

We have developed several additional leads and would like to remind the public that this is still an active investigation. We continue to ask the public for information that could lead to locating Ms. Zhang. The FBI continues to offer a reward of up to \$10,000 for information leading to the location of Yingying Zhang. Anyone with information can contact 1-800-CALLFBI (1-800-225-5324).

You may also contact your local FBI office or the nearest American Embassy or Consulate.
